

Automotive: EV Battery Thermal Management Systems

From thermoplastic resins and compounds to thermoset composite solutions, the diverse polymer portfolio from LyondellBasell is uniquely positioned to address your challenges in EV battery thermal management systems.

Features

- One stop shop
- Amorphous, semicrystalline and thermoset materials in a wide variety
- Products are mostly in colors available (includes signal colors)
- From very flexible to highest rigidity
- Injection molding, BMC and extrusion grades
- Antistatic performance

Key product offerings

- **Hostacom**
Various Polypropylene compounds with good creep performance are available including extrusion and injection molding
- **Schulamid** and **Schulamid FR**
All options with our various polyamide compounds (PA6, PA66, PA612 and specialties e.g. aromatic PA)
- **Polyflam FR**
Good flame retardant performance
Polypropylene compounds with low smoke density and toxicity
- **Schulaketon** and **Schulaketon FR**
Good electrical properties for high voltage applications
- **Schulatec**
High-performance compounds including polyphenylene sulfide for both extrusion and injection applications

Reasons to Partner with Us.

Key Advantages

- LYB is a leading company in engineering plastic business, providing our customers with a wide range of differentiated and value-added solutions.
- Advantages of global footprint and know-how: helping China OEMs and manufacturers of customer goods to grow globally.
- Expertise in regulations/risk management/safety in the global auto market for sustainability products.
- Innovation-oriented market approach.

About us

We are LyondellBasell (LYB) – a leader in the global chemical industry creating solutions for everyday sustainable living. Through advanced technology and focused investments, we are enabling a circular and low carbon economy. Across all we do, we aim to unlock value for our customers, investors and society. As one of the world's largest producers of polymers and a leader in polyolefin technologies, we develop, manufacture and market high-quality and innovative products for applications ranging from sustainable transportation and food safety to clean water and quality healthcare. For more information, please visit www.lyb.com or follow [@LyondellBasell](https://www.linkedin.com/company/lyondellbasell) on LinkedIn.

Before using a product sold by a company of the LyondellBasell family of companies, users should make their own independent determination that the product is suitable for the intended use and can be used safely and legally.

SELLER MAKES NO WARRANTY; EXPRESS OR IMPLIED (INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY WARRANTY) OTHER THAN AS SEPARATELY AGREED TO BY

THE PARTIES IN A CONTRACT. This product(s) may not be used in: (i) any U.S. FDA Class I, Health Canada Class I, and/or European Union Class I Medical Devices, without prior notification to Seller for each specific product and application; or (ii) the manufacture of any of the following, without prior written approval by Seller for each specific product and application: (1) U.S. FDA Class II, Health Canada Class II or Class III, and/or European Union Class II Medical Devices; (2) film, overwrap and/or product packaging that is considered a part or component of one of

the aforementioned Medical Devices; (3) packaging in direct contact with a pharmaceutical active ingredient and/ or dosage form that is intended for inhalation, injection, intravenous, nasal, ophthalmic (eye), digestive, or topical (skin) administration; (4) tobacco related products and applications; (5) electronic cigarettes and similar devices; and (6) pressure pipe or fittings that are considered a part or component of a nuclear reactor. (iii) Additionally, the product(s) may not be used in: (1) U.S. FDA Class III, Health Canada Class IV, and/or European Class III Medical Devices; (2) applications involving permanent implantation into the body; (3) life-sustaining medical applications; and (4) lead, asbestos or MTBE related applications. All references to U.S. FDA, Health Canada, and European Union regulations include another country's equivalent regulatory classification. Users should review the applicable Material Safety Data Sheet before handling the product.
