

PRODUCT INFORMATION

Icorene 1440 - HDPE grade, specifically designed for rotomolding applications

Exceptional ESCR with excellent impact resistance and good stiffness

Courtesy Tektem

Courtesy Biorock tank, Rotomade

Icorene 1440 is a hexene based highdensity (HDPE) Polyethylene processed using a proprietary catalysis system. At 10% Igepal, this exclusive grade has excellent ESCR (Environmental Stress Crack Resistance) and easily exceeds 1.000 hours. Icorene 1440 is designed for use in large tanks, including agricultural and chemical storage containers, due to its superior performance in ARM impact resistance at -40°C.

Icorene 1440 is fully UV stabilized and versatile enough to be used in a wide range of large applications. Customers who need to address difficult requirements, such as in chemical storage tanks with inner walls, benefit from the smooth surface, less warpage and outstanding impact properties.

Furthermore, agricultural applications, such as dieseltanks, benefit from Icorene 1440's high impact and breakage resistance as well as its numerous approvals.

Features

- Hexene based material
- Excellent mechanical properties
- Exceptional ESCR BTT and FNCT
- High impact resistance at -40°C
- TÜV and DiBt approved
- Easy processing
- Low shrinkage
- Fully UV- and heat-stabilized
- Available in color compounds

Specific applications

Water tanks

Chemical storage containers

Heating oil tanks

Septic tanks and sewage systems

Industrial tanks

Technical and large parts

(Bio) diesel and Ad-Blue tanks

ABOUT US

We are LyondellBasell – a leader in the global chemical industry creating solutions for everyday sustainable living. Through advanced technology and focused investments, we are enabling a circular and low carbon economy. Across all we do, we aim to unlock value for our customers, investors and society. As one of the world's largest producers of polymers and a leader in polyolefin technologies, we develop, manufacture and market high-quality and innovative products for applications ranging from sustainable transportation and food safety to clean water and quality healthcare. For more information, please visit www.lyondellbasell.com or follow [@LyondellBasell](https://www.linkedin.com/company/lyondellbasell) on LinkedIn.

LyondellBasell is a market leading supplier of Specialty Powders. We serve a broad portfolio of our Specialty Powders to the rotomolding, carpetbacking and masterbatch industry. For more information about LyondellBasell Specialty Powders, please reach out to your account manager or send us an email to ASI-Sales.emea.sp@lyondellbasell.com.

Before using a product sold by a company of the LyondellBasell family of companies ("LyondellBasell"), users should make their own independent determination that the product is suitable for the intended use and can be used safely and legally. LyondellBasell MAKES NO WARRANTY, EXPRESS OR IMPLIED (INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE) OTHER THAN AS AGREED TO BY LyondellBasell IN THE PRODUCT SALES CONTRACT. LyondellBasell prohibits or restricts the use of its products in certain applications. For further information on restrictions or prohibitions of use, please contact a LyondellBasell representative.

Users should review the applicable Material Safety Data Sheet before handling the product. *Icorene* is a trademark owned or used by the LyondellBasell family of companies and is registered in the U.S. Patent and Trademark Office.
